THE LEGISLATURE CONSIDERS MANY IMPORTANT BILLS

**BOXING BILL WAS KILLED IN THE
SENATE—WHEEL TAX MEAS-
URE HEARD MONDAY**

**COMMITTEE IS APPOINTED TO
CONFER WITH LIKE COMMIT-
TEES OF WIS. & DAKOTAS**

(By United Press)
St. Paul, April 2—The state senate today killed the boxing bill which would have legalized boxing in cities of second and third classes. The vote was 26 to 24.

The measure already has been voted down in the house.

Final touches will be added to the omnibus bill by the senate finance committee in an all day session Monday.

The measure carrying an appropriation for state departments and institutions may be reported to the senate Tuesday.

Originally carrying \$40,000,000 the budget bill has been trimmed down to about \$32,000,000, it was understood.

The senate general legislation committee probably will give the wheelage tax measure a final hearing late Monday.

Lieutenant-Governor Louis Collins today named a committee to confer with committees from Wisconsin and North and South Dakota legislatures on interstate budgets. Senator Rockne and G. H. Sullivan will represent the senate on a joint committee and three members will be appointed in the house.

A bill allowing salary increases to employees of Ramsey county passed the senate today.

The senate tax committee recommended for passage the so-called Wicker income tax bill which has already been passed by the house.

The committee on general legislation recommended for passage the bill providing that wage scales for women set by the minimum wage commission shall not become effective for six months after fixing.

This applies to corporations whose rates are fixed by the state railroad and warehouse commission.

Co-operative Bills Cause Clash
Farmer representatives in the legislature today clashed with "old guard" members over the co-operative bills before the house.

Rep. R. A. Wilkinson of Lake Elmo, was beaten in his fight for a measure designed for enforcement of the anti-future trading in grain market bill. The house marketing committee had pulled all the "teeth" out of his enforcement bill and he sought to have it made a special order for Monday when he expected to put up a fight to restore the "teeth." The house under suspension of rules, passed the "toothless" bill however, 94 to 1. After this action the anti-future trading in grain marketing bills will be practically impotent, Rep. Wilkinson said.

The motion picture business in the twin cities is not controlled by a trust according to the report of the investigating committee made today.

Chicago Workers Will Vote on Wage Reduction

(United Press)
Chicago, April 2—Building trades workers numbering 58,000, were prepared today to vote on whether they will accept a wage reduction.

A decision to accept a referendum on the proposals of contractors that wages of skilled employees be cut from \$1.25 to \$1.00 an hour and unskilled from \$1.00 to 70c an hour was reached by the labor council last night.

The referendum will be started at once. The result will be made public next week.

Germany Must Accept Responsibility for War

(By United Press)
Washington, April 2—The German government has been notified of the United States position that Germany must accept full moral responsibility for the world war.

The attitude of the United States has not been communicated to the Berlin government formally because the American government has no diplomatic relations with Germany, still being technically at war with that country.

MRS. P. V. PENNYBACKER

Mrs. Percy V. Pennybacker of Texas, chairman of the department of American citizenship of the General Federation of Women's Clubs, is waging a campaign based on the slogan, "Every club a training camp for citizenship."

BOMB EXPLOSION OCCURS IN LITTLE ITALY IN CHICAGO

**THIRTY FAMILIES ARE DRIVEN
INTO THE STREET—NONE
BADLY HURT**

(By United Press)
Chicago, April 2—Thirty families were driven into the streets in their night clothes early today when a black hand bomb rocked the north side Italian section.

The blast exploded in front of a four story brick building where four families dwelt. The front of the building was demolished and the families including eighteen children rushed to the street after being blown out of bed.

Tenement houses adjoining the building were damaged and the inhabitants fled. None were seriously injured.

Harding Arrested By Chicago Police

(United Press)
Chicago, April 2—A man who said he was Everett Harding, 26, of Chicago, and alleged he is a cousin of President Harding, was arraigned today before Federal Commissioner Mason on the charge of obtaining money while impersonating government officials. The president in a telephone conversation denied that the man is a relative.

Hip Picket Is Ruled Immune From Search

Lansing, Mich., April 2—The hip pocket is immune from investigation under the search and seizure provisions of Michigan's prohibition laws, according to a ruling of the state supreme court. The court held that officers who searched the home of a Bay City man on a search warrant, exceeded their authority when they investigated his clothing.

Drives Car in Front of Street Car; Is Killed

(United Press)
Minneapolis, April 2—Recognizing a wrecked car as his father's, Dr. M. O. Hansen hurried to the General hospital to find his parent had just died from injuries in an accident a few minutes before. The father, Otto Hansen, 71 years old, drove his car in front of a street car.

Ford's Philosophy

(By United Press)
Detroit, Mich., April 2—Henry Ford today summed up his business philosophy in eighteen words. They were: "The time for a business man to borrow, if ever, is when he does not need it."

Efficiency Contest Opens

Fargo, N. D., April 2—Efficiency in all lines will count in scoring scout teams the first of May when prizes are to be awarded in the efficiency contest opening today. The closing contest will be a field meet.

BOTH AUSTRIA AND HUNGARY REPUDIATE EX-EMPEROR CARL

**BY ACTION OF THEIR RESPECTIVE
PARLIAMENTS—ON HIS
WAY TO SWITZERLAND**

(United Press)
Vienna, April 2—Officially repudiated by both Hungary and Austria, former Emperor Carl was on his way back to Switzerland today, his dream of a return of the Hapsburgs to the throne definitely ended.

Within a space of twenty-four hours his status had changed from king to courtless justice.

Under Spain's safe conduct, and the virtual custody of two British army officers, Carl left Steinamanger for the Swiss border in a special train. Guards were sent to guard the train as it passed through this and other Austrian cities. The Austrian parliament by a unanimous vote declared in favor of a continuation of the republic as against the restoration of the Hapsburg dynasty.

Dispatches from Budapest stated that Hungary's national assembly enthusiastically adopted a resolution expressing confidence in the government of the regent, Admiral Horthy, and that the return of Carl would constitute great national danger.

Conflicting reports were received as to whether Carl had signed a formal statement of abdication before his departure.

Swiss Will Allow Carl to Return
Geneva, April 2—The Swiss federal council has decided provisionally to permit Carl to return to this country. Among the promises which will be exacted from Carl will be to obtain from all political propaganda and not leave Switzerland again without formal notice.

Will Try Again
Vienna, April 2—Former Emperor Carl still considers himself king of Hungary, and intimated before his departure that he might make another attempt to regain the Hapsburg throne.

This information was contained in a dispatch received today from Steinamanger where Carl had his headquarters during the coup.

The dispatch stated that just before Carl departed from Steinamanger he wrote a letter explaining he was convinced his country's interest demanded his departure, but that he still considered himself the legitimate monarch.

Carl, it was said, reserves the right to remount the throne later, and appointed Admiral Horthy, the present regent, as chief lieutenant "during the interval."

The former emperor wished to issue a proclamation to the Hungarian people, but was prevented by the authorities.

Former German Empress' Condition Reported Worse

Doorn, Holland, April 2—The condition of former Empress Augusta Victoria of Germany, took a turn for the worse yesterday, according to a statement issued from Doorn castle last night.

"Only loving care, her surroundings and capable nursing are keeping the patient alive," the statement added.

Legality of Advertising Draft Evaders

(By United Press)
Washington, April 2—The question as to the legality of issuing names of draft deserters to newspapers for publication have been submitted to Attorney General Daugherty by officials of the war department, it was learned today.

It was understood that the question of liability in case of the list will be taken up.

Herrick Will be Appointed Ambassador to France

(United Press)
Washington, April 2—Announcement of the appointment of Myron T. Herrick as ambassador to France will be made as soon as formal inquiry as to his acceptability can be sent to Paris and the answer received.

Minister Is Held For Violation of Mann Act

(United Press)
Broken Bow, Neb., April 2—Rev. Eugene Ackley, a Wisconsin minister, who has been temporarily filling the pulpit of the United Brethren church here from January 1, is in the county jail today charged with adultery and alleged violation of the Mann act. The woman is Miss Zephylia Mae Wallace, whom the preacher introduced as his daughter.

Rev. Ackley entered strong objections when the young woman proposed to marry another man, and fled insanity complaint against her. Later the complaint was withdrawn and the two were preparing to leave Broken Bow when an investigation was made and his arrest resulted. The woman is held as witness.

KU KLUX KLAN IS OPERATING IN DALLAS, TEXAS

**BRAND LETTERS "KKK" ON FORE-
HEAD OF NEGRO FOR AN
ALLEGED OFFENSE**

**KIDNAP TWO NEWSPAPER MEN
TO WRITE STORY OF THE
KLAN'S ACTION**

(By United Press)

Dallas, Texas, April 2—A mob of fifteen masked men early today seized Alex Johnson, negro, alleged to have been found in a white woman's room in a hotel, carried him out of the city and after horsewhipping him branded his forehead with the symbols of the Ku Klux Klan, and then released him on the streets of Dallas "as a warning to other negroes."

The symbols "KKK" were branded on the negro's forehead with silver nitrate acid after they had lashed him with the whip. Upon being released near the hotel, in which his alleged offense was committed, he was told to tell other employees what had happened to him.

F. D. Ball and Paul Jones, two newspaper men, were "kidnaped" by the masked men, blindfolded and taken along with the mob in an automobile and commanded to act as press agents for the event.

Ball and Jones each received a mysterious telephone call to come to a department store on a corner for an "important story." The man who did the telephoning was so insistent that they finally consented. They thought it was an April fool joke. They received no intimation as to what the "story" would be but they went to the corner department store where they were met and taken into an automobile blindfolded.

After riding for several miles the blindfolds were snatched from their eyes. A negro surrounded by masked well dressed men was standing underneath a tree with a rope around his neck.

A "trial" was then conducted. During this "trial" the negro was alleged to have confessed.

ROAD BUILDING TO EMPLOY MANY MEN NEXT YEAR

**ESTIMATED THE GOOD ROADS
PROGRAM WILL USE
300,000**

(By United Press)

Washington, April 2—More than 300,000 unemployed will find work during the next year on road building projects if those already approved are carried out and congress makes an additional appropriation of \$100,000,000 as federal aid in highway improvement, officials of the department of agriculture estimated today.

The grand total cost of road building projects that have been approved and awaiting completion is \$622,000,000. In other words this amount may be spent during the next year if the work is pushed. This includes the amounts allotted by the federal government, the state, county and city.

INITIATION OF SEVEN NEW LAWS IN N. D. PROPOSED

**AS WELL AS RECALL OF STATE
OFFICIALS—PETITIONS ARE
BEING CIRCULATED**

(United Press)
Fargo, N. D., April 2—The first of a maelstrom of propaganda that will mark the recall fight in North Dakota today carried compromise suggestions.

Some independents who are against a bitter political fight this fall said the program adopted by the independent state convention in Devils Lake offers a common ground on which bitter opposing factions could get together. They declared it offered the nonpartisans the way of realizing their own program.

Machinery for recall of state officials devised by nonpartisans is to be used against them, according to the plan.

Petitions bearing signatures totaling thirty per cent of the total vote cast for governor at the last election must be filed with the secretary of state and approved forty-five days before an election may be held. Present officeholders would automatically become candidates to succeed themselves unless they resign within ten days after such petitions are filed.

The independent voters will recall Governor Frazier, Attorney General Wm. Lemke and John N. Hagen.

The proposed initiation of a constitutional amendment to allow the state to issue \$7,500,000 worth of bonds to refinance the state industrial institutions will require twenty thousand signatures before it can be initiated and petitions must be filed one hundred and twenty days before an election.

Independents today said they had already twelve thousand signatures on recall petitions and assert that petitions have never left the office of the independent voters' association here.

Petitions for initiation of seven other laws which already have been filed provide for liquidation of the state bank, change in personnel of the state industrial commission, nonpartisan ballot for state and county offices, rural credit board and two depository bills. They will also be taken up at the proposed November election unless withdrawn.

Some nonpartisan leaders today asserted the recall election will never materialize. They said the opposition "took a graceful way out," and by threatening a recall and the new bond issue hope to prevent the sale of \$6,000,000 worth of state bank bonds believing that the nonpartisans will go broke by fall if the latter issue is taken up.

Whoever are elected at the recall election will take office as soon as the returns are announced by the state canvassing board thirty days after the election. New laws would become effective thirty days after election.

Farmers To Pass On New Marketing Plan

(By United Press)

Chicago, April 2—Farmers' representatives from all the grain growing states will meet in Chicago April 6 for the purpose of ratifying or rejecting the grain marketing plan evolved by the Farmers' Marketing Committee of Seventeen. Each state will have one delegate for each \$15,000,000 worth of grain marketed during the last ten years.

A number of organizations, including a national wheat growers' association in the southwest have attacked various features of the committee's proposed system on the theory that it will take years to develop the giant marketing structure to a point where it can replace the present system under which hogging is possible.

Other agriculturalists say the pooling plan may throw the entire system open to charges from consumers of violating the anti-trust laws by attempting to fix prices.

"It is not the desire of farmers to form a grain trust" said Clifford Thorne, counsel for the committee, in discussing this phase. "We recognize the dangers involved, but I anticipate no serious difficulties along that line. Unfair price fixing by the farmers might defeat the farmers themselves, by encouraging overproduction."

In recognition of the many inventions through which he has applied chemistry in the service of mankind, Dr. Willis R. Whitney has received the Perkin medal, one of the highest honors in science.

PROPRIETOR OF "DEATH FARM," GOES ON TRIAL

**IF CONVICTED IT WILL BE DONE
SOLELY ON TESTIMONY OF
A NEGRO**

(United Press)

Covington, Ga., April 2—When John Williams, alleged "death farm" proprietor, goes on trial for his life here Tuesday, probably the greatest legal battle in the history of Georgia will be staged. Not only will both sides be represented by legal talent that ranks among the best in the south, but the question involved will be one that is entirely new to southern states.

If Williams, who is charged with killing eleven negroes, and goes on trial first for the murder of three, is convicted, he will be convicted entirely on the testimony of the negro.

Williams' conviction will be made on the testimony of Clyde Manning, negro, employed on Williams' alleged death farm. Manning has already confessed that under Williams' orders, he killed nine negroes.

Reduce Building Cost By Eliminating Middleman

(United Press)

St. Paul, April 2—Building in Minnesota slumped when union labor refused to recognize an agreement among contractors to cut wages 20 per cent. The St. Paul trades organization have three corporations to contract for buildings independent of contractors. While keeping up wages the plan is aimed to reduce building costs to the builders by eliminating the middle man.

Boy's 'Smile Muscle' Is Valued by Jury at \$20,000

Kansas City, April 2—A boy's features and smile are worth \$20,000 a jury in circuit court decided here yesterday.

The jury awarded that amount to James Godfrey, 13, against the Kansas City Power and Light company for injuries he received when he climbed a tree to gather walnuts and came in contact with an electric wire carrying 2,300 volts. The left side of his face was burned, leaving a permanent scar.

A physician testified that the "smile muscle" in the boy's cheek had been bound by the scarred tissue above it.

Man Aged 86, Tires of Old Wife, Wants 19 Year Old

(By United Press)

Denver, Colo., April 2—Because his 86 year old wife is tired of him Gabriel Grajozer, 87, a Hungarian, attempted to get a divorce so he could marry his wife's pretty 19 year old granddaughter.

"I want a divorce so I can marry that girl," he told Judge Moore and at the same time pressed a fifty dollar bill into the judge's hand.

The bribe was turned down and Grajozer was told the decree would receive consideration.

BRITISH COAL STRIKE IS PARALYZING INDUSTRY

**IRON MILLS AND STEEL WORKS
CLOSING, THROWING THOU-
SANDS OUT OF WORK**

**A LOSS OF A MILLION POUNDS IS
REPORTED BECAUSE OF
FLOODED MINES**

(United Press)

London, April 2—Great Britain faced a paralysis of industries today as a result of the nation-wide strike of coal miners.

The government views the situation as grave and has set in motion the machinery for rationing food, and curtailment of transportation of train service will be reduced 25 per cent, beginning Wednesday.

Many allied industries have begun to close down and thousands of persons were expecting to be thrown out of work.

Eleven thousand dock workers were idle yesterday, and four thousand more were expecting to be laid off in the Sheffield district today.

The strike which began Thursday, involving more than one million miners already, has caused a loss of millions of pounds through floods of mines throughout the country.

One pit in North Wales had been ruined and it was feared that many elsewhere would be damaged beyond recovery.

Owners sent out a general call for volunteers to man the pumps and prevent complete disaster.

1,200,000 MEN QUIT BRITISH COAL MINES

**RAIL STRIKE IN SYMPATHY IS
FEARED—WATER PERILS THE
ABANDONED SHAFTS**

London, April 2—All work ceased in the coal mines of the United Kingdom at midnight with the exception of a very few districts, and approximately 1,200,000 miners were idle as a result of the controversy over the wage issue. In only five collieries have the men promised to continue at their posts.

Danger that the mines may be flooded threatens, and many may be irretrievably ruined from the influx of water. Strenuous efforts are being made everywhere to enroll volunteers. Yorkshire pump men have decided to remain at work, and hope was expressed that others would follow their example.

The first effect of the strike has been the placing of orders with American coal merchants. Advice from New York state that a flood of orders from European countries which normally have formed the British market has been received there, and although the country's stock of coal is estimated at 1,000,000 tons, the price of household fuel already has risen two shillings a ton.

Apprehension is felt that the national union of railwaymen and the transport workers union, partners with the miners in the labor dispute, may be tempted to strike in sympathy with them. In such an event the nation would be confronted with a crisis of unprecedented gravity.

DECORATIONS WERE VERY BEAUTIFUL

Elks Annual Eastertide Ball Proved a Very Pleasing Annual in Elks Social Events

BLUE RIBBON ORCHESTRA PLAYS

All Arrangements Were Looked After With the Utmost Fidelity and Attention

The Elks' Eastertide dancing party given Friday evening at Elks hall marked one of the most enjoyable social events in the annals of Elkdom. The decorations were the most beautiful seen in any ball room in city. From the center of the ceiling radiated the purple colors of the order and midway to the walls the color scheme changed to purple and white. A creamy tint marked the center of the ceiling from which was suspended a basket of cut flowers. Between festoons of the cretonne paper and the original ceiling were sections of Christmas tree lighting and the small globes shown like stars through the purple dome. The huge elk's horns glowed with lights and also the Elks' clock.

At the other end of the hall the orchestra, the Blue Ribbon organization sat concealed in a bower of loveliness. Flowers were embanked about them and for a roof there was a diminutive Japanese tea garden trellis.

Frappe was served in the club rooms. As the 11 o'clock toast was given, the lights suddenly dimmed and the dancing ceased during that period.

Dancing was enjoyed until after the midnight hour.

ADVERTISE IN THE DISPATCH

Children's Division Institute

All those interested in the Religious Education of Children will have a real opportunity to meet in conference for discussion and consideration of their work and its problems in a Children's Division Institute to be held at Brainerd on April 4, 1921 in the Methodist church, when workers of the Minnesota Sunday School Association will be present to conduct the institute and to assist those who may be present.

The program will cover topics dealing with local Sunday school problems with plenty of time given over to conference and also with the very important plan for enlisting the backing of the community in the Religious Nurture of its Childhood through the observance of what has been termed "Children's Week" which is to be observed this year April 24 to May 1 inclusive.

Children's Week is the attempt on the part of the International Sunday School Association and its auxiliaries to answer the question of how to give an adequate religious education to the 13,000,000 children of America who are now without any kind of such and it is expected that this year a number of communities and counties will carry out the program that has been set up by Mrs. Maude Junkin Baldwin, Children's Division Superintendent of the International Association who has worked out a very comprehensive program for the use of the local church school, the community and the county unit.

The Editor of the Good Housekeeping Magazine in a full page editorial in the April number alls this "The Most Important Week of the Whole Year." This institute is under the direction of Mrs. E. A. Cooke Children's Division Superintendent of the Crow Wing County Sunday School Association.

The program will be held in two sessions at 3 in the afternoon and at 7:30 in the evening.

A FAST RECORD OF GOOD RESULTS

No discovery, none expected, is doing more to bring about a complete revolution in the healing arts than CHIROPRACTIC. This work now covers the continent. It is not an experiment, but a great health institution which daily administers to the relief of hundreds of thousands of sick and afflicted men, women and children.

DISEASE

Disease is defined as anything less than perfect health. The names which make up the catalogue of different diseases have little or no value with reference to recovering health, for all disease are merely effects of physical causes, and when those causes are removed the effects will disappear.

CHIROPRACTIC EFFECTIVE

We have successfully overcome the underlying causes of many cases of stomach trouble, bowel, liver and kidney disorders, rheumatism, neuritis, various headaches, affections of nose, throat, lungs, and other organs both acute and chronic type.

Evening service at 7:30 and all who are interested in the question whether the world is growing better

and are able to attend his service will receive some inspiring thoughts on the matter.

The subject, "The Man of the Ages" or, "Was the Life of Jesus Christ a Failure." A great many people today are lamenting the fact that sin and crime is so prominent and are bewailing the fact that God has been defeated, and that He is soon to destroy the world. If you are interested in this question, we promise you some light on whether God is a weakling, surrendering his power to weak sinful man, or whether He is controlling the destiny and results of the Holy Spirit. Does God destroy men? Or does sin destroy them that are destroyed? If you are interested in the dispensation of the Holy Spirit, you are cordially invited to attend this and the other services of the day. J. E. Cadwell, pastor.

Sunday School Gathering

An informal gathering of the young people of the First Congregational Sunday school was held in the church rooms on Friday evening. At this time the Easter envelopes were opened in spite of the fact that a considerable offering was raised by the school for China, the offering indicated that when all the envelopes have been received to result will be better than last year.

The young people played games and had a very informal and enjoyable evening which was not spoiled for them by the handing of cake and ice cream to each one present. That seemed to add rather than detract from the pleasure of the occasion.

WILL THE WOMEN HELP

Will the women prove to be as effective in carrying the amendments to the city charter as they were in carrying the amendments to the constitution, is a question frequently heard in these days preceding the municipal election.

It is freely admitted that the women gave the amendments more consideration than the men and their agitation placed the amendments in the state constitution.

The lack of contest for the majority of municipal offices will cause little interest in the election Tuesday and the amendments will not be carried unless more than ordinary interest is shown in them.

Seldom are amendments carried at general election because many who vote the regular ticket fail to vote the amendments. Everyone who fails to vote for the amendments in fact votes against them as three fifths of all votes cast must be cast for the amendments to carry them. It is therefore hoped that the women have given the amendments as much attention as they did the state amendments.

SWAT 'EM AND CLEAN UP

With the thermometer registering somewhere near the freezing point in some sections of the country, the while belated "March winds" whistle shrilly or grumble dolefully at the window casing, it seems as if it were hardly the time to think of flies and swat-the-fly campaigns.

And still, such is the nature of this household pest, this is precisely the time when we should be thinking of it. There may be some evils for which we must wait till they are well upon us to lay plans to rid ourselves of them. But this is not true of the fly. Unless precautionary measures are taken we are as certain of the coming of the fly as we are of death and taxes. In fact, right now the fly is on its way; inevitably it will be with us in increasing numbers for the next seven months, if we but fold our hands and wait its coming.

It may mean little to us now to be told that for every fly destroyed now we shall have 137,000,000 less to contend with in August; that for every breeding place for flies cleaned out this month we shall cut off the fly population by billions during the summer. And still this is as true as ever an assertion can be. In the city all places where dirt accumulates are breeding places for flies. And so quickly do they breed and grow and propagate that a few days of warm weather will give us millions of flies where there are today but dozens.

The moral is obvious. First of all let us understand thoroughly the danger of this pest. It is not merely a matter of personal annoyance that we are dealing with. Flies are the most dangerous carriers of disease germs we know today, and the most active. Then clean out the breeding places, and begin at once to wage relentless war on the first fly which shows itself. The flies killed now mean billions less in August. That's a campaign worth while.

WEST BRAINERD SCHOOL COMMUNITY

Parent-Teachers Association and
 Community in General Have
 Splendid Gathering Friday

"RIVERSIDE SCHOOL" CROWDED

Program Given, Refreshments Served,
 Community Singing, Games
 Played, Etc.

"The Riverside School" of West Brainerd on Friday evening had a large community meeting. Of all the parent-teachers' meetings held this one marked in highest degree the good, old fashioned community gathering.

There was a fine program of speaking, instrumental music, community singing, refreshments, playing of games, fish pond, etc. Rev. E. A. Cooke, pastor of the First Methodist church, gave a fine address. Supt. W. C. Cobb of the city schools, spoke on school conditions. Victor Bourgeois played a violin solo and Iris Woolvert recited.

The West Brainerd sextette sang and for their encore marched out again wearing novel paper caps and as they got set for what seemed the sextette from Lucia de Lammermoor, they said, in honor of April 1st, "April Fool." They retired amid applause and came back and sang an old fashioned roundelay. The singers were Sam Hawkins, Chester Thabes, Victor Bourgeois, Simon Anderson, Walter Parsons and P. B. Randall.

Community singing was led by P. B. Randall and proved an added enjoyment. The school was crowded to the doors. Adults sat in the small seats and after generous refreshments were served many had difficulty in getting out of their seats. A collection was taken and a hatful of silver was the result.

Mrs. Adeline Smiley voiced the appreciation of the school because of the fine attendance. She called attention to the fact that the West Brainerd school is the first to possess a full complement of knives, forks and spoons and dishes. She noted that the school grounds should be improved and got the men of the community to assent to a plan of giving their services plus a lunch served by the women. She got the community stirred up to ask the school board to do its share toward improving the grounds and Supt. W. C. Cobb volunteered to carry the message of the gathering to the board.

The program committee for the next meeting includes Simon Anderson, Chester Thabes and John Fourre. Reference was made by Mrs. Smiley to the children coming to school at too early hours. In the old days the trouble seemed to be in their coming too late, but West Brainerd children just love their school so much that they get there away ahead of scheduled time.

Mrs. Smiley told parents to instruct their children to keep an eye on the railway crossing. Trains pass the crossing at high speed and little ones should be careful and not to cross unless there is a clear track. The passenger train near the noon hour should be specially guarded against.

Car Found Concealed at Mille Lacs Lake Was Claimed by H. C. Schober of Huron, S. D.

When Sheriff Claus A. Theorin had Glen Douglas and Fred Taylor grilled after taking them in custody at their camp near Mille Lacs lake, he elicited the fact that the men had a Haynes car concealed at the lake. The men were taken back to South Dakota on the charge of stealing an automobile there.

Sheriff Theorin located the owner of the Haynes car who was H. C. Schober of Huron, S. D. and Schober said his car had been stolen March 17. It was found that the license on the car had been stolen from the car of A. W. Rupeit while he was at Glenwood.

Annual Ball of the Fraternal Organization at Elks Hall to be Largely Attended

COMMITTEES HAVE BEEN BUSY
Arrangements Committee Includes Robert Elder, Chairman and Four Co-Workers

The annual ball of the Odd Fellows will be given Monday evening, April 4, at Elks hall and the committee headed by Robert Elder, chairman, and his co-workers Lawrence McCulloch, James Alderman, Ed. Hedstrom and Louis Hohman have planned novel decorations, good music and all the other concomitants which make up a pleasant and successful dance.

The Odd Fellows lodge has a large membership which is active in the work of the order and also has a Rebekah order which can be counted on being present and making the dance a glowing success.

FORT RIPLEY REPORT

Farm Bureau Unit Had Picnic Dinner, Program of Short Talks and Music

The Fort Ripley farm bureau unit met at the usual time which is the noon hour and had a picnic dinner. Then followed a program of music and recitations and a talk given by Miss Susan Hough, Home Demonstrator of Morrison county, on equipment for the home including the fireless cooker and also helps and suggestions on home dress making. However a part of the program was a disappointment as the farmers had expected the County Agent Mr. Campbell, of Morrison county, to be with them but for some reason not learned he was unable to be present. After the business transactions of the day a social hour was enjoyed.

The next date of meeting was changed to Saturday afternoon, April 9, and supper will be served. There was a large crowd in attendance about 125.

On the evening of April 2, a dance will be given in the hall for the benefit of the Ft. Ripley Farm Bureau Unit. Everybody is invited.

Of course, ideals and ideas about beauty differ greatly, but there can be very little difference of opinion about the attributes of an attractive mouth. In the first place, it must be red, but not too red, and the teeth must be or seem to be perfect.

"JOLLIES OF 1921" ELKS SHOW IN MAY

Scenery, Music and Talent Displayed to Make it One of the Best Home Talent Plays

AT NEW PARK MAY 6TH AND 7TH

Fond du Lac Paper Reviews Its Production at New Garrick Theatre, Created Furor

Annually Brainerd Elks lodge gives a home talent show which usually sets a high mark in such work. The Elks have a record for doing things, and naturally their shows just can't help being successes.

This year the lodge contracted with Joe Brea production company for producing "Jollies of 1921". Elks lodges throughout the United States give the widest commendation regarding the show. It will be given by Elks lodges at Los Angeles, Calif., when the national convention meets there this year.

The Fond du Lac Lodge No. 57 of the Elks recently presented the show and a column press notice was accorded. In part it stated:

"The audience which packed the New Garrick theatre to witness the opening performance of the 'Jollies of 1921' was treated to a minstrel show unique in its composition.

"In costuming it equalled the professional productions seen in this city and in other respects fully maintained the high standard of former years.

"Mirth, merriment and melody in happy combination went to make up the production which kept the audience in a gale of laughter from curtain to curtain and caused many a pleased chuckle between the scenes.

"Entirely different from former productions and not dissimilar to the revue now so popular in the large cities, the opening night's performance highly pleased by its uniqueness. Special settings and elaborate costumes served as added attractions to a production of unusual merit. That the audience was delighted was evidenced by continuous laughter and ready applause.

"The production opened, with a scene depicting an isle in the Pacific, ocean ruled over by a king who had not laughed for years and who had offered \$50,000 to anyone who could cause him to do so. After the efforts of his subjects had failed a colored aviator landed on the island and proposed to the king that he go with him to America and witness the Elks' Jollies.

"If the company could not make the sovereign laugh, his expenses to and from the island were to be paid; but if he did laugh, the company was to claim the reward of \$50,000. The king accepted and the two set out for America.

The succeeding scenes led the audience through the mazes of a department store, a Spanish bull ring and finally to a country club where, just before the final curtain, a laugh was obtained from the king in a surprising manner and after hopes of gaining the kingship's pleasure had practically been abandoned. The lines of the production were original and really funny and there were unnumberable situations in which real humor ran rampant."

Two-Story Brick Building at 714-715 Laurel Street Bought from Con O'Brien

BRAINERD STATE BANK TO BUILD

Gives Hardware Company Notice to Vacate Present Location 622 Laurel St., by Mar. 1, 1922

Judd, Wright & Son have bought the two story brick building at 714-716 Laurel street from Con O'Brien and the price paid is reported to be \$11,000. The hardware firm occupies quarters at 622 Laurel street and has received notice from the Brainerd State bank to vacate by March 1, 1922, as the bank intends erecting a new banking structure at the corner of Seventh and Laurel streets.

The building at 714-716 Laurel street has the main floor occupied by the Brainerd Electric Co. whose lease there expires on December 1, 1921. There are two suites of flats on the second floor of the building and rented.

\$1500 OF \$2500 APPEARS IN SIGHT

There is an Absolute Need in Brainerd for Salvation Army's Welfare Work

WILL BRAINERD FAIL IN DRIVE

Brainerd People Venture to Say "No", United Effort Will Cause Success to be Attained

Adjutant H. H. Kline, Special Efforts Secretary of the Salvation Army who is in Brainerd for the purpose of putting over the Army drive says that in order to reach the quota in Brainerd some strenuous work will have to be done.

Adjutant Kline reports that there is \$1500 of the \$2500 quota in sight this morning. There is an absolute need in the City of Brainerd for the Salvation Army and owing to the Army has discontinued its promiscuous solicitation covering the whole year, it is essential in order that the officers stationed here may have time to do their spiritual and welfare work that the quota be raised. Since the money raised from the last drive was exhausted the local branch has gone over \$400 in debt.

Will Brainerd fail the Salvation Army? Brainerd people venture to say "No", but believe by putting forth a united effort, the money will be raised.

MARRIED?

Married people know the value of having money in the bank. It is a protection against the uncertainty of the future and the assurance of the ability to grasp business opportunities when they arise.

The young man who contemplates marriage without money in the bank is courting difficulty, embarrassment and perhaps disaster.

Don't marry for money but don't marry without it! This bank will welcome your account.

What is Dis-ease?

Dis-ease is lack or excess of function in any part of the body. All function is controlled by mental impulses from the brain, therefore the cause of dis-ease must be an interference with the line of communication between the brain and the dis-eased part. It necessarily follows that the only permanent way to do away with the dis-ease is to adjust its cause and thus restore free communication. Chiropractors do this by adjusting the displacement that causes the obstruction. Ninety-five per cent of the obstructions are at the Spine.

"The Mistress of Shenstone"

What is the "Best in Life"? Is it fame, wealth, the pursuit of empty ideals? Is it the stuff that dreams are made of?

These questions are answered in Pauline Frederick's latest super-special picture "The Mistress of Shenstone," adapted from the novel by Florence L. Barclay, and directed by Henry King. Following closely the book, the film version of this remarkable story through many dramatic climaxes brings to a woman a realization of what is the "Best in Life". The new photoplay will be shown for the first time on Sunday at the New Park theatre.

Pauline Frederick, is seen as Lady Myra Ingleby, a cultured English woman, married to a man many years

house by storm last night. It is safe to say that after this people will look forward to these comedies.

THE IRON RIDER WILLIAM FOX PRODUCTION

At the Lyceum Today William Russell, the popular William Fox star who will be seen at the Lyceum theatre today only in "The Iron Rider," has Vola Vale as his leading woman. This picture is said to set a record for continuous dramatic suspense and to be invincible against motion picture patrons who boast is, "I can guess how it will come out."

"Girl of My Heart" Sunday That delightful and popular little star, Shirley Mason, in her latest Fox production, "Girl of My Heart," a screen adaptation of Frances Marion Mitchell's story "Joan of Rainbow Springs," is the feature offering announced for Sunday at the Lyceum theatre.

A Charlie Chaplin comedy and others are booked for the same day.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to Flush Kidneys and Neutralize Irritating Acids

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

Which Battery?

You won't be satisfied with a car unless you are satisfied with the battery.

The Willard Threaded Rubber Battery not only gives the right service to begin with, but keeps on giving it, and actually outlasts the battery plates.

The plates are insulated—not merely separated. And the Threaded Rubber Insulation neither warps, cracks, nor punctures, because unlike wood separators, it is not affected by battery acid.

Drive around. Ask questions. We give authorized Willard Service.
